

KONICA MINOLTA

Colour communicates with greater impact – and you can count on the bizhub C552DS to speed your workflow with 45 ppm colour and cost-efficient 55 ppm B&W. Dual scanning lets you scan both sides of a page in a single pass and bring information into your workflow at up to 156 originals per minute. Exclusive high-speed image stabilization gives documents superior detail with consistent quality – and Simitri® HD toner uses Biomass, a renewable organic resource that reduces environmental impact. Print/scan/copy functionality is built in, with PS3/PCL6 emulation and native XPS support. Two optional finishers provide versatile functions such as 100-sheet or 50-sheet stapling, 80-page or 60-page booklet-making, 2/3-hole punching, even Z-Folding and Post Insertion. You can customize a right-size solution for your needs by adding a powerful Fiery® Image Controller for graphics applications, Super G3 fax, and a Scan Accelerator Kit to optimize performance with 3rd-party document management solutions. For faster throughput with superior quality, count on Konica Minolta.

superior colour – with twice the scanning speed.
