EASYFLEET TOTAL PRINT SERVICE
SIMPLIFY YOUR FLEET MANAGEMENT

Giving Shape to Ideas

EASYFLEET TOTAL PRINT SERVICE
SIMPLIFY YOUR FLEET MANAGEMENT

Did you know that between 1% - 3% of corporate revenues are spent on producing printed documents and that print is the third highest office expense behind payroll and rent? Over 90% of companies don't know what they are spending on print and are not in a position to either maximize their ROA (return on assets) or control costs associated with print. (Beneath the Surface, IDC, 2011)

EasyFleet is a service offering from Konica Minolta to provide service and toner to third party A4 printers. This service was created to make it simple for companies to reduce the cost of print, streamline printer fleet administration and reduce waste.

EASYFLEET OFFERING INCLUDES THE FOLLOWING SERVICES:

- Helpdesk supporting print device related issues

- On-site services as required

- Konica Minolta ConsultApp to identify EasyFleet device details, meter reads and toners alerts

- Affordable and predictable pricing which includes service, parts and toner

  CPP plans available for networked device

  Flat-rate based billing plans for networked and non-networked devices

- Clean Planet for cartridge recycling

- Annual account review

- Automatic toner delivery option or toner delivery by request. Toner and supplies can also be ordered by phone, email, or the Konica Minolta website Automated meter reads for networked devices

BENEFITS

SERVICE & SUPPORT

Just one phone number to call for service. Konica Minolta's experienced print management team can support device related service issues for all printers that are part of the EasyFleet program. In some cases, Konica Minolta will even replace the printer with another device with the same or similar capabilities.

REDUCED OUTPUT COSTS

An established print cost baseline helps customers budget and manage printing costs, and allows Konica Minolta to develop future cost-savings measures to keep devices working at highly efficient levels. In many cases the cost for Konica Minolta to provide service and toner is much lower than the current cost to operate the printer fleet.

INCREASED PRODUCTIVITY

Konica Minolta's team of print consultants are able to monitor the volume of devices that are part of EasyFleet and make recommendations for the most efficient use of the printers in your environment which ensure the highest efficiency, productivity and Return on Assets.

REALIZED ENVIRONMENTAL GOALS

Continual device monitoring helps customers reach environmental and sustainability goals by identifying and addressing such issues as under and over-utilized units, and aged equipment that is too costly and wasteful to operate.

EasyFleet makes operating printer fleets large or small EASY!
