INTRODUCING THE bizhub i-SERIES FROM KONICA MINOLTA

Born from our desire to rethink the role of multifunctional printers in business, our next-generation technology seamlessly connects your dynamic environment. Simply and securely bringing together people, places and devices to embrace the way you work. Improve communications and productivity, streamline processes, make better decisions and, ultimately, enable smarter business.

The workplace is changing

- As more tasks move toward individual work in a place of the individual's choice, central offices are becoming hubs for communication.
- As office documents become more digitized and the volume of data increases, centralized management and better access to documents is essential.
- As business data leaks and hacking become more commonplace, the need for security is increasingly critical.

bizhub i-Series is the solution

- With simple operability and high-quality performance, the bizhub i-Series allows people to complete tasks efficiently and effectively from anywhere.
- With integrated cloud services that offer the right processes at the right time, the bizhub i-Series builds more convenient workflows for everyone.
- With next-generation security technology built in, the bizhub i-Series provides a reliable and safe environment for your business.

i-SERIES IS SIMPLE AND SECURE

We have simplified, secured and enhanced what technology can do for your business.

Intelligent simplicity

With a large touchscreen operation panel, smartphone style user interface, voice control, and a display that users can customize with apps from Konica Minolta MarketPlace, i-Series is intelligently simple.

Plus, it links seamlessly with Workplace Go and Workplace Hub — our edge computing platform that puts all your IT in one place.

Next-generation security

The next-generation bizhub i-Series comes with the highest security standards built in. The i-Series is compliant with General Data Protection Regulation (GDPR) and ISO 15408 certified HCD-PP, so data privacy standards and end-point security requirements are met.

With our bizhub SECURE services, we tailor the security settings to your needs, so your data is fully protected. And with integrated antivirus software, it ensures no virus can harm your business.

Key benefits

- Stay in control of your information
- Protect your data and stop virus threats
- Security visibility, implementation and continuity
- The peace of mind to focus on core activities

i-SERIES IS INTUITIVE

Inspired by the way people interact with tech, we have completely redesigned the user experience.

Designed for people

The stylish bizhub i-Series looks at home in today's office environment, with contemporary touches like a floating operation panel, rounded edges and LED status indicators.

With a 24° to 90° tilt angle, the large 10" tablet-style touch panel provides convenient accessibility and operation for all users.

Putting users first

The i-Series offers a market-leading and intuitive smartphone-style experience.

So familiar, it is second nature. There is practically no learning curve and users can customize* their screen similarly to the way they do for their mobile device.

Commonly used functions have an identical list-view and are directly visible without scrolling or searching. And as both our A3 and A4 models operate in precisely the same way, users can be more productive whichever device they are working with.

* Available from January 2020.

No waiting time

To boost workflow and cut out waiting time, the i-Series is our fastest range ever. In fact, thanks to its brand-new quad-core Central Processing Unit (CPU), it is four times quicker than our previous bizhub C368 model.

The new controller integrates all processes and distributes tasks more effectively within the CPU. As a result, the user experience is smoother and quicker and there is no waiting time while operating the i-Series.

Connect with voice

For easier operation and enhanced accessibility, users can also operate and even learn from the i-Series with their voice, in the same familiar way as their smartphone. It also gives access to the visually impaired, who can autonomously handle their copy and scan jobs, without touching the device.

i-SERIES IS SAFER

75% of companies said they had experienced disaster recovery failures, resulting in the loss of critical applications and files. Yet 60% do not have a full-scale data recovery plan.

Sources: Disaster Preparedness Council, FEMA

TOTAL CARE BY bizhub SECURE

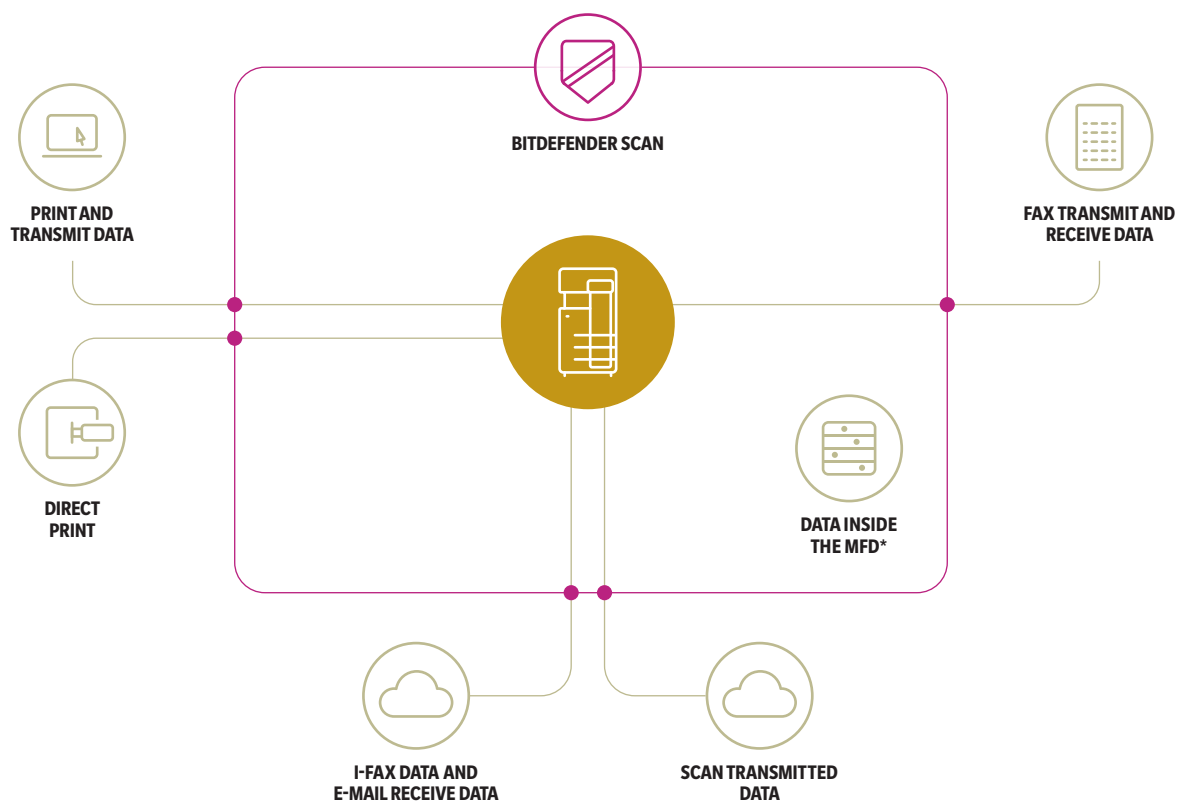

With bizhub SECURE services, we have made sure your business is fully protected by providing security tailored to your needs. Continuous security gives you one less thing to worry about. And because our team configures everything for you, you will save time too.

Safe and SECURE

- bizhub SECURE protects the data inside the memory of your i-Series
- bizhub SECURE Platinum secures your devices' network settings
- bizhub SECURE Notifier App ensures the right settings are implemented and remain unchanged
- Bitdefender® antivirus option defends you from the threat of viruses

ALWAYS SAFE. ALWAYS IN CONTROL.

Having complete protection against virus threats gives you the peace of mind to focus on other tasks. So to protect your data, the optional Bitdefender® antivirus engine automatically scans all transmitted and received data — in real time. You can also run on-demand or scheduled scanning of your data, to make sure you stay protected.

* Data inside the MFD is checked manually or scheduled

● Optional Bitdefender® scans transmitted and received data to protect the i-Series

i-SERIES IS UNLIMITED POSSIBILITIES

ENHANCED EFFICIENCY AND PRODUCTIVITY

The Dispatcher Suite Solution, our integrated print management and workflow automation solution, extends the workflow capabilities of the i-Series and boosts flexibility within your office.

To maximize productivity, your print and scan workflows are streamlined, eliminating repetitive tasks, cutting costs and reducing manual errors.

Dispatcher Paragon

Increase productivity and flexibility while reducing printing and copying costs. Dispatcher Paragon also offers sophisticated enterprise print management capabilities, including secure and central control for your entire print environment.

Authentication	Reporting
Print Roaming®	Rule-based Engine
Credit and Billing	Mobile Print

Dispatcher Phoenix

Our advanced automation solution streamlines the handling of all document processing tasks. With customizable workflows, businesses can simplify their daily office routines and boost efficiencies.

Dispatcher Phoenix facilitates the easy distribution of documents by scanning to SharePoint®, Dropbox™ or to popular systems like Box™, Google Drive®, Microsoft OneDrive®, and OneDrive for Business®.

Advanced workflows

Capture

- MFP
- Input Folder
- FTP
- DP Mobile App
- Google Cloud Print

Process

- Advanced OCR
- Metadata Scripting and Routing
- File conversion to PDF, MS Office, PS
- Metadata to File
- Annotate and Watermark
- Rename, Split and Merge
- PDF Data Extraction
- Image Enhancement

Distribution

- Dropbox
- Box
- OneDrive
- OneDrive for Business
- WebDAV
- SharePoint
- SharePoint Online
- Output Folder
- FTP
- SFTP
- SMTP

MAKE TIME FOR YOUR CORE BUSINESS

Simply add new capabilities to make the i-Series more accommodating to the way you work. The Konica Minolta MarketPlace gives you the freedom to personalize your device.* The available applications bridge unproductive gaps between work processes to give you more time to focus on core tasks.

Streamline office routines

Browse the Konica Minolta MarketPlace for new applications that serve your business needs. Then, simply add them to all your devices — however large your fleet.

Updates are also deployed directly to your devices without cost-intensive maintenance. And, as these apps run directly on your devices, you do not need to invest in additional infrastructure.

The i-Series provide a broad range of capabilities that serve all your needs. To minimize the time spent using your device, simply change the control panel to meet your preferences. And because the user operation of any model is completely customizable, there is no need for specific training.

Key benefits

- Add and remove functions from the panel to match your i-Series with your work style
- Streamline your daily office routines
- Boost team productivity

* Available from January 2020.

i-SERIES IS SMARTER

INCREASED UPTIME. ALL THE TIME.

Features this advanced do not come from merely improving technology. To make bizhub i-Series work with everything you do, we set out to rethink everything.

To ensure continuous and uninterrupted use, the i-Series, in conjunction with Konica Minolta's vCare™ solution, provides a trouble-free experience with minimum downtime.

Uploading the latest firmware, in real or scheduled time, users know they are always working with up-to-date technology.

Together, they work behind the scenes, intelligently collecting data for self-diagnosis, maintenance and optimum replacement time for parts and consumables.

 --- Data collected for part/consumable replacement predictions

EMBRACE THE WORKPLACE OF THE FUTURE

bizhub is the touchpoint for your business and information processing world.

Both the A3 and A4 models are inspired by the same contemporary design and connected technology of our edge IoT platform, Workplace Hub. And as both work in intelligently simple ways, there is no need to waste valuable resources on training your staff.

So as your business grows, we will grow with you — seamlessly and securely linking people, places and devices to give new dimension to print, document workflow and security management.

KONICA MINOLTA

INDUSTRY-LEADING ENVIRONMENTAL PERFORMANCE

We have invested substantial resources to keep the environmental impact of the bizhub i-Series as low as possible.

Our new eco settings, low temperature fusing toner, and weight detection sensor, combine to significantly reduce the consumption of energy and paper.

We are also committed to minimizing waste throughout the product's lifecycle.

Our improved consumables and parts use fewer materials and have longer lives. Our industry-leading air-form packaging solution ensures safe transportation, while reducing waste by 20%.

Plus, Konica Minolta's quick, simple-to-follow and cost-free Clean Planet recycling program keeps recyclable materials and print consumables out of landfills, making a big difference in preserving our environment.

bizhub i-SERIES IS AVAILABLE NOW

With intelligent usability, next-generation security and seamless connectivity, the bizhub i-Series connects tomorrow's workplace today.
