KONICA MINOLTA

Giving Shape to Ideas

Lock Down with the Ultimate in MFP Protection.

bizhub SECURE

Of all the resources in today's business and professional world, your data can be the most valuable – and also the most vulnerable.

That is why Konica Minolta offers lock down protection with bizhub® SECURE: a set of enhanced password and data security measures to give your bizhub MFP an extra level of security. We offer professional safeguard services for both our full size and small MFPs that will be provided by your Konica Minolta field engineer. Ensure that your data is more than just secure – it is bizhub SECURE!

bizhub
SECURE

Peace of Mind.

How can you make certain your valuable data is safe from theft – and prevent it from being stolen from your MFP by an unauthorized user or extracted if the hard disk drive is removed from your multifunction device? The answer is simple – and all it takes is allowing an authorized Konica Minolta field engineer to activate the bizhub security features of your bizhub MFP. With bizhub SECURE safeguards in place, you will know that your documents have uncompromising security protection.

At Konica Minolta we understand that your organization may not have the bandwidth or infrastructure to enable, configure and track the security functions that are required for compliance or internal mandates.

That is why we developed the bizhub SECURE Service. To provide you with the resource you need to lock down and protect any document data that might reside on the bizhub's internal hard drive.

Ultimately, a secure document workflow is everyone's responsibility. Konica Minolta has led the industry in providing enhanced security features for the digital era – and with powerful bizhub SECURE Functions activated by your authorized Konica Minolta field engineer, you will have an additional line of defense against data theft and unauthorized access to documents or devices.

To order the bizhub SECURE Service, just contact your bizhub representative – and count on Konica Minolta to provide the MFP Security Services that your company or organization demands.

The following security features will be enabled on your MFP based on model type:

	Monochrome Small MFPs: bizhub 4750, 4050	Colour Small MFPs: bizhub C3850, C3350	Monochrome Large MFPs: bizhub 754e, 754, 654e, 654, 652, 554e, 552, 454e, 423, 364e, 363, 284e, 283, 224e, and 223	Colour Large MFPs: bizhub C754e, C654e, C754, C654, C652DS, C652, C554e, C554, C552DS, C552, C454e, C454, C452, C364e, C364, C360, C284e, C284, C280, C224e, C224, C220
